

REGISTRAR PROGRAM FRIDAY 30 MAY

Chairman – Russell Bourne

12.30pm–12.37pm	Clinical outcome of operative management of comminuted intra-articular fractures of the tibial plafond in Cairns Base Hospital between July 2009 and March 2013	Manu Bijoor
12.37pm–12.44pm	Femoral intramedullary nail curvatures	Wenley Chang
12.44pm–12.51pm	Pressure dressings on total hip arthroplasty wounds	Wenley Chang
12.51pm–12.58pm	The effects of perioperative tranexamic acid in Australian primary joint replacement patients	Christopher Conyard
12.58pm–1.05pm	Hip resurfacing arthroplasty and perioperative blood testing	Andrew Cook
1.05pm–1.12pm	Changes in the anatomical position of the superficial and deep femoral arteries during internal fixation of inter- / per- trochanteric neck of femur fracture	Adam Coughlan
1.12pm–1.19pm	The burden of orthopaedic infection: a one year comprehensive audit of acute referrals to the RBWH	Elliott D'Costa
1.19pm–1.26pm	Humeral shaft fracture management: case-match controlled comparison between percutaneous anterior humeral plating and intramedullary nailing	Gareth Davies
1.26pm–1.33pm	Use of an orthopaedic assessment unit for acute minor orthopaedic injuries – are we reducing hospital length of stay?	Jonathon De Hoog
1.33pm–1.40pm	A cost analysis of the treatment of paediatric torus fractures	David Fraser
1.40pm–1.47pm	The tibiofibular line; an anatomical feature to diagnose syndesmosis malposition	Peter Blair Gifford
1.47pm–1.54pm	Acute orthopaedic outpatients; fracture clinic versus consultant clinic review	Peter Blair Gifford
1.54pm–2.01pm	Adolescent FAI following severe SCFE a case series	Liam Johnson
2.01pm–2.08pm	Preliminary results of revision rates of total knee arthroplasty for pain and patellofemoral pain using Australian registry data	Nicholas Jorgenson
2.08pm–2.15pm	Radiographic and functional outcome of grade 3–5 acromioclavicular joint dislocation managed with surgical fixation with a single tight-rope device	John Kinyanjui
2.15pm–2.22pm	Does joint architecture influence the nature of intraarticular fractures?	Austin Lang
2.22pm–2.29pm	Case series of 56 full tibialis anterior transfer for congenital talipes equinovarus	Martin Lowe
2.29pm–2.36pm	Four year follow up of 18 split tibialis anterior transfer for talipes equinovarus	Martin Lowe
2.36pm–2.43pm	Closed management of paediatric forearm fractures – requirements for radiography and characterising failures	Nixon Macdaniel
2.43pm–2.50pm	Do patients with tibial plateau fractures eventually end up with a total knee replacement? A 14 year retrospective study	Nixon Macdaniel
2.50pm–3.00pm	Afternoon tea	

REGISTRAR PROGRAM FRIDAY 30 MAY *CONTINUED*

3.00pm–3.07pm	A retrospective analysis of patient and procedural factors linked to mortality in fractured neck of femur admissions to a tertiary centre	Lisa Major
3.07pm–3.14pm	A pilot study evaluating the effectiveness of gabapentin in managing postoperative pain following arthroscopic assisted rotator cuff surgery	Grant Menegon
3.14pm–3.21pm	Is the use of pre-operative MRI-based patient matched instrumentation as accurate as digital templating in total knee arthroplasty?	David Miller
3.21pm–3.28pm	Student perceptions of teaching of musculoskeletal anatomy at an Australian medical school.	Luke Miller
3.28pm–3.35pm	Moving hospitals: orthopaedics in transition – lessons learnt	William O'Callaghan
3.35pm–3.42pm	Development of an orthopaedic audit tool: working smart not hard	William O'Callaghan
3.42pm–3.49pm	Warfarin cessation is nonessential in total knee arthroplasty	Alfred Phillips
3.49pm–3.56pm	Computed tomographic pulmonary angiography (CTPA) first week post hip and knee arthroplasty	Haseeb Ahmed Qureshi
3.56pm–4.03pm	Non medical causes of prolong hospital stay in adult orthopaedic patients	Haseeb Ahmed Qureshi
4.03pm–4.10pm	Factors influencing trauma implant selection by registrars: is cost a factor?	David Ramsay
4.10pm–4.17pm	Utility of the leucocyte esterase test as a predictor of infection in revision joint surgery	Sonja Schleimer
4.17pm–4.24pm	Alternate registration of femoral condyles in computer assisted total knee replacements – can it assist with femoral component rotation?	Sarah Smith
4.24pm–4.31pm	Does uncemented hemiarthroplasty for neck of femur fractures decrease length of operation and infection rate?	Richard Steer
4.31pm–4.38pm	The ridge of the medial ulna – a previously undescribed bony cause of compressive neuropathy of the ulnar nerve	Laura Whenmouth
4.38pm–4.45pm	Tibial baseplate fracture in unicompartmental knee arthroplasty: a study of 169 knees	Cheng Hong Yeo
4.45pm–4.52pm	Thromboprophylaxis and INR rise in arthroplasty surgery	Cheng Hong Yeo
7.00pm	Welcome cocktails
