

NSA Website Summary

The International Spine Centre®

This one-year fellowship offers spinal surgical training, personal development and skill acquisition in leadership, communication & research at The International Spine Centre® (TISC) Adelaide. The fellowship offers a range of private hospital locations in Adelaide: Calvary Adelaide Hospital, Calvary North, The Memorial Hospital and St Andrew's Hospital.

The fellow will receive clinical training & supervised practice in the speciality of spinal medicine, gaining knowledge and developing surgical expertise. There will be exposure to complex spinal operating, a broad range of spinal instrumentation techniques, emerging and contemporary surgical techniques, endoscopic techniques and the application of modern image guided navigation technologies and intraoperative spinal monitoring.

The fellow will provide spinal surgical services and develop skills in safe & considered clinical decision making. The fellow will be supervised to deliver exceptional interdisciplinary care to patients in collaboration with clinical supervisors, and thus assist in managing the patient's surgical journey. There will also be training and guidance in the preparation of medico-legal reports, Return to Work SA second opinion medicine and relevant contemporary business practices.

By selecting and actively participating in patient care pathways, the fellow will be exposed to the importance of collaboration amongst team members (other clinicians, associated specialists and administrators) to facilitate an interdisciplinary care model that adopts compassionate, patient centric principles. The fellow will also have opportunity to acquire, participate and contribute to research methodologies and projects in our formal 3D Research @ The International Spine Centre partner organisation. This training opportunity provides the fellow with dedicated supervision and unique opportunities to enhance their learning experience in a dynamic and stimulating environment.

Duration:	12 months
Remuneration:	More than \$90 000
Supervisor:	Mr YH Yau, Neurosurgeon & Spinal Surgeon
